

## Education

- **2021 → 2026** Epitech Digital → 5-year Grande Ecole programme (*currently in 3<sup>rd</sup> year*)
- **2018 → 2021** Lycée Camille Sée → General baccalauréat (*Mathematics, Numerical & Computer Sciences*)

## Key Experiences

### As an intern

- **From September 2023** At Epitech Digital - MEDS Program (Mentor Epitech Digital School): Organizing workshops, mentoring, supporting, and coaching for 1<sup>st</sup> and 2<sup>nd</sup>-year students.
- **March → August 2023** At Clac des Doigts - Fullstack Development: working on the new version of their client platform, complete redesign of an order management software linked to a CRM tool (Front).  
↳ *Wordpress, Twig, PHP, Svelte, TypeScript, Express.js, MongoDB, GitHub Actions, Docker, Firebase*

### As a freelancer

- **From September 2023** Pursuing with Clac des Doigts, by continuing what I started during my internship.
- **From May 2023** Creating small plexiglass plates containing unique QR codes distributed during a music concert, developing an associated web application.  
↳ *Vue.js, TypeScript, Express.js, SurrealDB, GitHub Actions*
- **October → November 2022** Creating a dynamic landing page for an audiovisual production company based on a mockup, researching and implementing a content management solution.  
↳ *Vue.js, Airtable*

## Skills

### Programming

- **Languages**
  - JavaScript, Node.js
  - Python
  - PHP (*Basic Knowledge*)
  - C (*Basic Knowledge*)
- **Databases**
  - MySQL, SQLite
  - MongoDB

### Software and tools

- Adobe Illustrator, Photoshop
- Figma
- JetBrains Suite
- Git
- Docker

### Soft skills

- Resourceful
- Curious
- Creative
- Empathetic
- Precise

### Languages

- English (*B2*)
- French (*Native*)
